FERGUSON TO BE CHAIRMAN OF 1970 REPUBLICAN COUNTY FINANCE CAMPAIGN

Norman K. Ferguson, Sr., of Hanover has been selected chairman of the Oxford County Finance Committee for the 1970 Republican Finance Campaign.

The Republican Party of Maine has started its 1970 Fund Raising Campaign; has adopted a state-wide budget and established County and Town quotas.

The quota for the State is \$120,000. Republican Oxford County share is \$10,400. The money raised is to help elect National, State and Local candidates, maintain headquarters in Augusta, building and debt retirement, salaries of state chairmen, executive secretary, and general staff to keep the organization in operation on a year round basis.

Ferguson is asking everyone interested in the Republican Party and good government to contribute as much as you can to your local town solicitor or mail your contributions to him at Hanover, Maine as soon as possible. This will help put your town over the top in meeting this quota. Sending your contributions to

HYPOCRISY???

For the past several weeks the Bethel Water District has made public a notice prohibiting the use of lawn sprinklers and hand hoses due to a shortage of water. During this time the fountain on Bethel Common has continued in use.

While this may contribute to the attractiveness of the area, now bereft of once-stately elms, no fires were ever extinguished nor physical thirst assuaged by aesthetics. This may not be hypocrisy, but it at least contributes to the many inconsistencies which pervade our public and private lives. jkb

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Work has started on Grover Hill past Lyon Orchards where the Town Road Improvement Funds are to be expended this year.

We received approval for Flood Disaster Relief Funds from the Office of Emergency Preparedness to help on the storm drain in front of Brooks Bros. hardware store. We are still waiting for the drain pipe before starting the project.

Excise taxes and registration fees on motor vehicles reduce one-half Sept. 1. The credit on a vehicle traded also reduces the same amount.

A police officer will be issuing summons within the next week or two for payment of delinquent poll and personal property taxes. Every one involved has received a notice this is going to be done. The officer will receive \$3.00 plus 20 cents a mile travel one way for every summons he delivers. The taxpayer must pay these charges in addition to the tax. In many instances the extra charges will exceed the original bill. Warrants for arrest will follow as the time schedule provided by law permits.

ONLY 40% OF FRESHMAN APPLICANTS AT U. OF M. ABLE TO ENROLL

Just 40 per cent of the applications for admission to this year's freshmen classes at the University of Maine campuses resulted in enrollments.

A total of 11,025 applications were submitted to the nine campuses. Of these, 4,420 have become members of the class of 1974.

Of the 11,025 applications, approximately 7,000 were from Maine. Of the 4,420 acceptances, 685 are from out-of-state. In percentages, 38 per cent of the applications were from outside Maine and 15 per cent of the freshman class is from out-of-state. In percentages, 36 per cent of the applications were from outside Maine and 15 per cent of the freshman class is from out-of-state.

"We obviously have been swamped by Maine young people wanting to go to college, either for two year programs of baccalaureate and advanced degrees," said Dr. Donald R. McNeil, Chancellor, University of Maine.

"Naturally, we took care of in-state applications first and we believe we have a good mixture on our campuses.

"However, we are limited in the number of students we can admit because of available living accommodations, faculty size and classroom availability.

"It is indeed unfortunate that many qualified young people had to be turned away. We do not have an accurate count of those not admitted as some people applied at more than one campus.

"But, it is a shame that anyone who desires higher education has to be denied," Dr. McNeil said.

The figure of 4,420 could increase by 25 or 30, McNeil said, as Port Kent and Augusta could enroll a few commuter students.

"But, for all practical purposes, we are filled to overflowing for 1974," Dr. McNeil said. "As a matter of fact, some of our campuses had to stop accepting applications back in March and April."

Mr. Howe presented Mrs. Howe with a large corsage of yellow rosebuds.

GREENWOOD CITY — ALBANY

— Mrs. Colista Morgan, Correspondent —
Walking to and from the farm so many times this week I lingered at times to notice "August." One day especially I took the cow-path through the pasture and down the old road.

There is a mellow gold woven into the country side. The blend of soft colors is beginning. The golden rod has begun its bloom along the roadsides and upland fields.

The bright butterflies ride the breezes and rest on the milkweeds. In the corner by the pasture bars I paused to look at a bee attempting an entrance to one of many, Turtle head flowers. It requires something of a struggle for even so strong and vigorous an insect as the bumblebee to gain admission to this inhospitable looking flower. His weight alone is insufficient to bend down the stiff, yet elastic, lower lip. But energetic prying admits first his head, then he squeezes his body through which he was doing when I came by. At the moment he was forcing his way in, the lower lip was springing up and down. The eyelids "turtled" seemed to chew and chew. Of course it was the bee that was feeding though the flower seemed to be masticating the bee with keenest relish. It made me smile to watch this paradoxical show.

Goldfinches are many; adding a splash of color to the landscape and seeming to find joy in each day of living. Their wavelike flight and sweet notes tumble out spreading pleasantness. They flock down to the lawn, lemon gold and shiny black, so pretty against the green.

The ghost mullein is on guard; its tall spikes reaching skyward. Field corners are filled with the soft beauty of the wild asters, a hint of bright colors for autumn. Have you ever stopped to watch a patch of our New England asters in a breeze? They seem to change their purple hues from dark to light as the wind plays among their petals around the glowing yellow center.

The jewel-weeds are out, exquisite; hanging horizontal; like jewels from a lady's ear. If you see them on a dewy morning or after a shower you may find the notched edges of the drooping leaves hung with scintillating gems, dancing, sparkling in the sun. Jewel weed indeed!

August — sparkling waters, spanned cobwebs, dewy grass, flowers; you are consolidating your forces for the major change ahead.

The heat crawls across the fields and meadows but the evenings are nice. Then we watch the sun, from our lawn, as it drops below the mountains. The colors on the horizon change from bright to pastel. A rose glow tips the mountain across the water and shadows slowly creep down the hillsides.

The ducks play on the far shore splashing and talking.

The mountains draw away into darkness.

Fireflies come to dance close to the lawn or high up.

A sleepy robin cards "Goodnight" from out back.

Our valley, quiet and peaceful has tucked in for the night.

Mr. and Mrs. Fred Curtis were at their camp in Bingham over the week end.

Mr. and Mrs. Ernest Morris are on a trip to Nova Scotia. Raymond Hakala, Judith Hakala and Ann Holt were guests of Mr.

HUNT'S CORNER AND VICINITY

Mr. and Mrs. Joseph Perham and family, South Paris, spent the week tenting at Milton Inman's.

Mrs. Walter Curtis picked up a beautiful hawk in the Haystack Hill Road on Sunday. It appeared to be all right but very tame. It rode in my hand very quietly with its bright eyes alert as we took it to my home where I took its picture. Its wing spread was about two feet and was the whitest white underneath; its back was a blue green. It resembled the red-tailed hawk more than any other picture we could find. It was given its freedom but didn't seem interested in flying but could flap its wings all right.

Several from here attended the semi-centennial parade and art show at Norway on Saturday.

Three buildings were destroyed in a Dixfield lumber mill fire Monday afternoon. The fire, reportedly of undetermined origin, started at the north end of the mill. Buildings destroyed were two small sheds and an office building. Damage to unfinished lumber was estimated at \$75,000. The mill was built in 1935 by Roger Holman. It was sold about a year ago; buildings and land, now owned by the John Marble estate, and the machinery by Merrill Trucking Co.

The Boy Scouts and leaders of Troop 190 returned home Aug. 9 after a five day trip that included a 50 mile hike in the Grafton Notch area.

MAINE CRAFTSMEN EXPOSITION TO BE HELD AT CUMBERLAND FAIRGROUND AUG. 14-15-16

United Maine Craftsmen—the new all Maine craft organization—will present United Maine Craftsmen Exposition 70 on August 14, 15, 16, at the Cumberland Fairgrounds in Cumberland. The fairgrounds may be reached from exits 10 and 11 of the Maine Turnpike and is located just off Route 26. Signs and arrows will direct visitors directly to the fairgrounds.

There will be items of heirloom quality and those suitable for the finest wedding gifts. A Country Store will feature items which fall in the "cottage arts" category.

There will be door prizes furnished by the individual craftsmen and refreshments will be available.

Entertainment will be by Marshall Dodge—well known for the "Burt and I" records—and Folk Singers—Bill and Gene Houghton of Westbrook and Gordon Bok of Camden.

A hospitality committee will do everything possible to make the visitor to UMC EXPO 70 pleased with his experience.

Hours for the Exposition are: Friday, Aug. 14, 10 a. m.; Saturday, Aug. 15, 10 a. m. - 9 p. m.; Sunday, Aug. 16, 10 a. m. - 5 p. m.

SUB-QUALITY DRUGS ARE RECALLED

Every week the government issues a list of products that they would like taken off the market either temporarily or permanently. We have found that the majority of the drugs on this recall list are made by lesser known manufacturers whose products are not usually stocked by pharmacists.

When one of the larger well-known companies is listed it is usually at their own request and because they have found something in their extensive testing laboratories. The public is being protected by strict supervision of the medicines that can be dispensed, so you can have confidence in what your doctor prescribes and your pharmacist dispenses.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.
